

# WE WELCOME YOU IN 2018

## WITH OUR RECIPE OF THE YEAR:

Take 12 months, fill them with traditional costumes,  
clean them from impatience, stage fright and dust,  
cut each month in 30 to 31 pieces for a stock that  
will last for exactly one year.

Prepare one menu every day with one unit dance  
and two units cheerfulness and humor.  
Add three tablespoons full of happiness,  
one teaspoon full of health, a small grain of  
tradition and a dash of tactfulness.

Please pour plenty of melodies over the portion.  
Decorate the menu with bouquets of elated interest  
and serve it daily with amusement.

Best wishes for the New Year ☺
